**Make an Immediate Impact on  
Student **Decision-Making,**  
Behavior, and School Culture**

---

## The Anatoliah Presentation

A 45-minute student session that improves decision-making, behavior, and school culture

### The Problem

Many students struggle with:

- ✓ **What they focus on**
- ✓ **How they talk to themselves**
- ✓ **How they manage emotions**

These directly impact behavior, peer interactions, and classroom culture.

### What I Teach

I teach students a simple, repeatable process:

- ✓ **Focus** → **Self-Talk** → **Emotions** → **Decisions**

Students learn how daily thoughts and emotions drive their choices in and out of school.

### What Schools Can Expect

- ✓ *Improved decision-making in real-time situations*
- ✓ *Reduced reactive behavior during peer interactions*
- ✓ *Increased student accountability and emotional control*
- ✓ *A shared language staff can reinforce across campus*

### Format

- ✓ *45-minute sessions*
- ✓ *Delivered in small groups or grade-level settings*
- ✓ *Most schools book 2-3 sessions for the day*

### Investment (Travel & Materials included)

- ✓ 1 Session: **\$899**
- ✓ 2 Sessions: **\$1,500**
- ✓ 3 Sessions (Full Day): **\$2,100\***

*(Reinforcement: Book 3 sessions for the day & get a complimentary parent session in the evening)*

### Background

- ✓ Berklee College of Music–educated presenter
- ✓ Delivered to thousands of students nationwide since 2012

### Next Step

Select your preferred option and I'll follow up within 48 hours.
